

Diagram illustrating the cold water supply system (zimnej i ciepłej wody) and its connection to the building's cold water supply (inst.c.w.u. w budynku).

The system includes a pump (8a) and various valves (11, 13, 14, 16a) connected to pipes with diameters (Dn15, Dn25, Dn32). A wąż (hose) "A" is also shown.

The diagram shows the connection to the building's cold water supply (inst.c.w.u. w budynku) via a valve (10) and a pipe (Dn25).
