

Architectural drawing showing four vertical sections (1, 2, 3, 4) and a detail of a window frame. The sections illustrate the profile of a honeycomb-patterned facade element (likely a curtain wall or cladding) and its connection to the building structure. Section 1 shows a connection to a concrete slab (Betonowa płyta nadprozia). Section 2 shows a connection to a concrete wall (Betonowa ściana). Section 3 shows a connection to a concrete wall (Betonowa ściana). Section 4 shows a connection to a concrete wall (Betonowa ściana). The detail shows a window frame (Ramka okna) with a glass pane (Szkło) and a metal frame (Ramka metalowa). The drawing includes dimensions and material specifications.
